User experience research	Web Design
Prototyping	Mobile App Design
Wireframing	

Tools

Figma	Balsamiq
Adobe Photoshop	
Adobe Illustrator	

Recent Projects

Online Shopping Landing Page

Figma, Adobe Photoshop, Balsamiq

An Online Shopping Landing Page built from scratch. Firstly the design was scetched by me with pen and paper then wireframed with Balsamiq and finally designed with Figma.

Online Course Landing Page

Figma, Adobe Photoshop, Balsamiq

An Online Course Landing Page built from scratch. Firstly I did competitive analysis research for the features from similar existing websites also interviewed some users to get more suggestions. I did wireframing with pen and paper then high fidelity wireframing with Balsamiq. Lastly I design the landing page with Figma
